Map: U.S. Air Target Chart Series 200, sheet 0162-10A.

INTRODUCTION:

25X1D

Chik Possible Missile Launch Area is covered by small scale oblique photography dated [] All measurements in this report are approximate.

This area has a number of missile indicators, as given below.

The possible missile launch site is a secured area with a possible pass-through building, revetted buildings and possible block-houses. There is a secured storage area with revetted buildings, a smaller storage area and a housing area.

The area is rail served. A spur enters the support area from the Novosibirsk rail line to the north.

Novosibirsk West Airfield (See DPIR T 57-15) is located 7.5 nautical miles east-northeast of the area. At the time of photography, 1 BADGER, 2 possible CAMEL, 7 BEAGLE, 3 COACH/CRATE, 11 CAB, 5 HARE and 75 jet fighters were on the field.

PHOTO INTELLIGENCE BRIEF

NUMBER TB 60-77

Kochenevo Airfield is located 7.5 nautical miles west-northwest.

Six radio facilities (see location map, page 4) are located throughout the area.

Novosibirsk Airframe Plant "Chkalov" 153 (see DPIR T 57-39) is located 19 nautical miles east-northeast. This plant could possibly be producing missiles for use at the site.

The probable site of "Science City" is located 24 nautical miles to the southeast.

DESCRIPTION OF ANNOTATIONS: (see page 5)

1 - Possible Launch Area

L-shaped fenced area, 4000' X 4200', with guard towers at all corners and a gate house at the north entrance.

- A. Possible pass-through building 60' X 95' with a 40' X 60' wing.
- B. Two possible block-houses, [] each with a possible covered passage way 210' long extending to the south. 25X1
- C. Unidentified scarred area.
- D. Three revetted buildings.

This area also contains twelve associated buildings.

2 - Storage Area (A)

Fenced area, 920' X 1425', with guard towers at each corner and a gate house at the northwest entrance. Area contains eight revetted buildings, the three largest are, []

3 - Storage Area (B)

25X1

Probable fenced area, 400' X 520', containing one building, 40' X 150', and three small associated buildings.

25X1

- 4 - Hangar-type building [] with two wings each 40' X 45'.
